Thanks Loree! Do you happen to have or know where I can get a copy of the CZMA review completed by NOAA/NMFS for their fisheries permit(s)? Since the discharges are similar and the areas the same, I think it would be a good reference to ensure I'm covering all of my basis! Thanks so much!

Nice talking with you this morning – Attached is the factsheet to the general permit in California. I do not have the document that EPA submitted to California for the CZMA review, but maybe it's something you can get from EPA Region 9. Look forward to talking to you next week about next steps for EPA to take to start CZMA federal consistency review with Washington.
